## 2.6 Design and Delivery of Programs and Services

Sentex's main business is supplying internet connectivity and providing a suite of add on services to secure and enhance that connectivity. As our core services are related to communication, the goals that we have listed in sections 2.3 and 2.4 of this plan will help improve the accessibility of this service.

## 2.7 Transportation

Sentex does not operate any transportation. We have no goals in this area.

## 3. Consultations

Consultation with members of the disabled community, support persons and direct support professionals took place over the past 12 months. These were in person or telephone conversations. Specific focus was placed on technical support access as well as general discussion about everyday interactions with all types of business.

## 4. Feedback

We have yet to receive any feedback on our accessibility plan or plan implementation from people that deal with our organization or our employees.
